Significant Sporting Events Program
Application Guidelines

Version May 2018
Message from the Minister for Sport, John Eren

Victoria’s title as the sporting capital of Australia doesn’t happen by chance.

We put in the hard work and investment to keep the big games and the big names coming back time and time again to the state where sport lives.

It’s not just a matter of pride, delivering the best of the best to our own backyard inspires future generations to take up sport and develops expertise behind the scenes.

Because out there on the fields, local facilities, parks, playgrounds and reserves, more than 3.9 million Victorians play sport or engage in activity every week. They are supported by 580,000 volunteers, including umpires, coaches and administration staff, all working hard to make Victoria the home of sport.

We need to not only support them week in and week out, but give them the opportunities to grow their skills and shine under the pressure of competition. Building Victoria’s home ground advantage means undertaking smarter investment across a range of sports to help them grow their participation numbers and stage events across the state.

The 2018/2019 Victorian Government Budget for Sport and Recreation is a game changer that not only addresses the sport and recreation needs of our community, but maintains Victoria’s pre-eminent position as the ultimate sporting capital.

This includes a $17.7 million investment into the Significant Sporting Events Program to deliver over 75 national and international sporting events every year, with over half going into regional Victoria. This investment will ensure all Victorians get to experience the benefits that sport brings.

The events we fund showcase the best of sport in our own backyard, give Victorian athletes the chance to compete in front of their home crowds, help grow our visitor economy and provide inspiration for fans to get active and healthy through sport.

The Significant Sporting Events Program is designed to complement the range of grants and funding support available to events, including the Regional Events Fund and Major Events Fund, to help secure Victoria’s rightful place as the sporting capital of Australia.

We are proud of the many events that we have supported through the Significant Sporting Events Program. Events from previous rounds have included the Australian Gymnastics Championships, the AGL Loy Yang Traralgon International, the Australian Masters Squash Championship, the Australian Indigenous Surfing Titles and the Victorian Open Golf Men’s and Women’s Championships.

It is with great pleasure that I invite applications for the Significant Sporting Events Program, and look forward to continuing our work in bringing the best events to Victoria.

1. What is the Significant Sporting Events Program?

The Significant Sporting Events Program is a Victorian Government funding program that assists sporting, community and event organisations to deliver sporting events in Victoria.

The fund supports events that are national or international in focus, or have regional significance and are recognised by a relevant sporting body.

* Higher grant amounts may be available and will be considered on a case by case basis by Sport and Recreation Victoria.

1.1. Why is the Victorian Government funding these grants?

Events funded through the Significant Sporting Events Program deliver many social, health, economic and liveability benefits for Victorians.

They showcase the best of sport in our own backyard; enable Victorian athletes to compete on home soil; provide inspiration for fans to emulate their heroes and encourage them to get active and healthy through sport.

The events also provide an opportunity to showcase Victoria’s world-class sports facilities, talent and regions to even more people around the world. These events support Victoria’s reputation as the sporting capital, grow our visitor economy, build on Victoria’s trade and investment opportunities, drive participation, build social capital and further Victoria’s standing as a multicultural, inclusive and liveable State.

The Significant Sporting Events Program reflects and supports the Victorian strategic framework for sport and recreation, Active Victoria, which outlines the government’s plan to strengthen the sport and recreation sector, and contribute to:
