Sporting Clubs Grants Program
Application Guidelines
The Victorian Government recognises the difference that sport and recreation can make to the health and wellbeing of all Victorians.

The new Sporting Clubs Grants Program provides funding that will help clubs and sporting organisations offer more Victorians the opportunity to participate and learn new skills through sport and recreation.

Grants are available for clubs to buy new sports uniforms and equipment, as well as funding to expand the skills of coaches and officials, and sports organisations can invest in initiatives that improve their operation and sustainability.

The Sporting Clubs Grants Program is part of the Victorian Government’s commitment to ensure that sport and recreation organisations have the resources they need to provide more opportunities for more people to actively participate in local sport.

The program reflects the Victorian Government’s major commitment to health, wellbeing, and community sport as well as boosting the capacity of communities to attract and host local and regional competitions and events.

I’m confident that by working together we can make sport more inclusive, increase local participation and accessibility, stimulate local economies and create new jobs and volunteer opportunities.

I look forward to seeing more community based sporting clubs, local participants, volunteers and passionate supporters benefitting from the Sporting Clubs Grants Program.

1. What is the Sporting Club Grants Program?

The Sporting Club Grants Program provides grants to assist in the purchase of sports uniforms and equipment and to improve the capacity and accessibility of Victorian clubs and other community sport and recreation organisations and increase the skills of their coaches, officials and managers.

The program has three funding categories:

Category 1: Uniforms or Equipment
Grants up to $1000 to purchase uniforms or other equipment essential for participation.

Category 2: Skill Development
Grants up to $2000 to improve the skills of club members by providing training for coaches, officials, administration staff and management committees.

Category 3: Club Operational Capacity
Grants up to $5000 to improve the operational effectiveness and efficiency of clubs through strategic planning or, to increase community participation through accessible sport and active recreation opportunities.

1.1 Why is the Victorian Government funding these grants?

Sport and active recreation plays an important part in the lives of Victorians. It provides settings for social interaction, sharing common interests, achieving personal bests and community inclusion.

Sporting clubs play a big part in shaping and supporting local communities. Being part of a club provides a socially valued role for participants and creates a sense of community membership.

The Sporting Club Grants Program contributes to the Victorian Government’s sport and recreation policy priorities and provides a single entry point for community sport and active recreation clubs to access funding that will assist in addressing a range of barriers to community participation right across the state.

2. Who can apply?

Community organisations delivering sport and active recreation programs anywhere in Victoria may apply. Applicants must:

- be non-government, not-for-profit and registered as an incorporated body at the time of application and for the project duration. If an applicant organisation is not registered as an incorporated body, it must arrange for a legally constituted organisation to manage the grant funds
- possess an Australian Business Number (ABN) or provide a completed Australian Tax Office form (Statement by a supplier) so that no withholding tax is required from the grant payment
- have satisfactorily met reporting requirements on any grants received from Sport and Recreation Victoria.

Note:

- school sport and recreation clubs are only eligible to apply if players are not current students
- university sport clubs that participate in inter-varsity competitions are not eligible
- any club or organisation can only submit one application in Category 1 and one in either Category 2 or 3 in each funding round.

- projects that involve collaboration between community organisations, across localities, and include different sport and active recreation activities
- applicants that have not received a grant in the last two years
